WHAT IS IT

LIFE for **"PROBIO NUTRITION"**.

Highly concentrated and bioavailable live yeast associated with yeast inactivated by *saccharomyces cerevisiae*.

BENEFITS PROVIDED

- Stimulates beneficial ruminal flora, promoting lactate utilization by containing ruminal acidosis.
- Improves the buffering effect of the rumen.
- Increases milk ingestion and production.
- Improves intestinal villi health thanks to MOS

HOW TO USE IT

From 30 to 70 gr/head per day depending on milk production and rationing. Follow the indications of our technical service.

WHAT IT CONTAINS

Yeast inactivated by *saccharomyces cerevisiae*, MOS (Mannan oligosaccharides (MOS) and β -glucans arrive unharmed in the intestines of animals that ingest them and are able to perform targeted biological functions for intestinal health. MOS also have a positive action towards the immune system and an antioxidant action.
