WHAT IS IT

LIFE for **VIEW NUTRITION**.

Complete supplement for the entire dry phase. Designed to have a predetermined DCAD so as to contain the diseases that arise from hypocalcemia and hyperpotassemia; another fundamental contribution to the diet is the contribution of vitamins and chelated trace elements of first choice. A determining integrated factor is the content of additives to promote post-natal ingestion and immune system.

BENEFITS PROVIDED

- Meets the needs of the cow by providing trace elements and vitamins with very high bioavailability.
- Avoids hypocalcemia in the pre- and post-natal phase.
- Reduces Potassium related problems.
- Increases ingestion.
- Boosts the immune system.
- Protects against clinical and subclinical ketosis and consequently the resulting hepatic steatosis or abomasum dislocation.
- Is formulated to protect the nutrients it contains thanks to agents with anti-oxidant and anti-peroxidant action.

HOW TO USE IT

200 to 300 g/head for the duration of the dry.

WHAT IT CONTAINS

Nutricab® Calcium chloride microencapsulated to ensure optimal product palatability.
Organic Se and Vit E.
