WHAT IS IT

MAXI PROFIT PIG optimizes the growth performance of lactating piglets and their survival rate by minimizing the use of antibiotics.

MAXI PROFIT PIG is a product destined to the integration of the feed of lactating sows strategic for the quality of the ovules of the next ovulation.

BENEFITS APPROVED

- A reduction in piglet mortality of 70-80%.
- A lower rate of mobilization of sow body reserves.
- At weaning, piglets will weigh more, be very vigorous and healthy.
- We will have more homogeneous piglets with less underweight.
- Increased number and quality of eggs at the next ovulation.

HOW TO USE IT

Supplement your lactation feed at a dose of 0.2%.

WHAT IT CONTAINS

Dried yeast from *Saccharomyces Cerevisiae*, treated Silicon Dioxide, Plant extracts belonging to the Lythraceae, Mimosaceae, Acanthaceae, Apocinaceae families, Colloidal Silica.
